

National Smart Innovation Conference 2025 (NSIC 2025)

Instructions for Authors: Short and Long Paper Submissions

We invite submissions of original research, case studies, and innovative applications for the **National Smart Innovation Conference 2025 (NSIC 2025)**. Authors may submit either **Short Papers** (2–3 pages) or **Long Papers** (5–10 pages) following the guidelines below.

Submission Guidelines:

- **Paper Types:**
 - **Short Papers:** 2 to 3 pages (including references)
 - **Long Papers:** 5 to 10 pages (including references)
- **Language:** English
- **Format:** Microsoft Word (.docx)
- **Template:** Use the official NSIC 2025 template provided below.
- **Margins:** 1 inch (2 cm) on all sides
- **Font:** Times New Roman, 12 pt
- **Line Spacing:** 1.0
- **Reference Style:** APA 7th Edition
- **Submission Platform:** <https://easychair.org/cfp/nsic2025>
- **Deadline:** 24 July 2025

All papers will be peer-reviewed. Accepted papers will be included in the **NSIC 2025 Proceedings**, and selected contributions may be invited for journal publication or extended for book chapters.

Templates:

The following templates serve as guides:

Short Paper Template (2–3 pages)

Title of the Paper (Bold, Centered, 14 pt)

Author Name(s)

Affiliation(s)

Email Address(es)

Abstract

A concise summary of the work (100–200 words). It should clearly state the problem, approach, and key findings.

1. Introduction

Briefly introduce the topic, the motivation, and the problem statement.

2. Methodology / Approach

Summarize the approach, system design, model, or method used.

3. Results / Case Study / Findings

Present key findings or application outcomes concisely.

4. Conclusion

Summarize the contribution and suggest future directions.

Long Paper Template (5–10 pages)

Title of the Paper (Bold, Centered, 14 pt)

Author Name(s)

Affiliation(s)

Email Address(es)

Abstract

Provide a structured abstract (150–250 words), summarizing the background, method, results, and conclusion.

1. Introduction

Include background, problem statement, significance of the study, and objectives.

2. Related Work / Literature Review

Summarize relevant existing work and highlight the gap your research addresses.

3. Methodology

Detail your method, model, system design, experiment, or case study procedure.

4. Results and Discussion

Present results with tables/figures (if applicable) and discuss their implications.

5. Conclusion and Future Work

Summarize contributions, limitations, and possible extensions.
